

**IN THE CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claim 1. (*Currently Amended*) A vehicle roach trap, comprising:

a cup having a substantially cylindrical wall and a closed bottom, said substantially cylindrical wall having a rim opposite said closed bottom defining an open top, such that said cup has an interior volume, said cup being adapted for placement in a cup holder of a motor vehicle, the cup defining an interior and having a rim;

a roach bait disposed inside the cup; and

a cover having a peripheral lip snapped onto the rim of the cup, the cover ~~having at least one concavity defined therein and~~ being in the form of an inverted dome having a plurality of concentric ripples defined therein; said cover defining a hole defined in the concavity therein at the bottom of the inverted dome; and

a removable sticker adhesively attached to said cup;

wherein said sticker is selectively positioned over the hole defined in said cover for sealing said hole;

whereby the roach trap can be when in use, said cup is placed in a cup holder in a vehicle, a roach falling through the hole in the cover and said roach bait attracts roaches to enter into said cup via the hole in said cover, and upon entry, being trapped in the cup, and upon disposal, said sticker is selectively positioned to seal the hole, thereby preventing any roaches from exiting the cup.
